LEGENDARY MAYTAG DEPENDABILITY
Maximizing your equipment investment for over a half century.

MICROPROCESSOR CONTROLS
Maytag® microprocessor controls offer 15 preprogrammed cycles, plus the capability to create multiple unique cycles. Also, one-touch cycle selection and multilingual readouts make these controls easy for everyone to operate.

CHEMICAL INJECTION SYSTEM
Designed to make chemical installation faster, simpler and more precise, the Maytag® Commercial Laundry Chemical Injection System features easy-access connections on the outside of the machine. This eliminates the need for having to open up the washer on routine visits. The new system also provides chemical supply companies and the machine’s users with clear visibility on how detergent, bleach, softener and other chemicals are being dispersed.
